

IPL – intense pulse light

IPL - Photo Facial Skin Rejuvenation

Photo facials produce an even-toned skin that looks more youthful. Photo facials can erase skin damage and treat a variety of skin conditions such as:

- Broken capillaries
- Rosacea and redness
- Sun damage/pigmentation/age spots
- Fine lines and wrinkles, stimulates collagen

As the new collagen forms, it softens the appearance of aging skin, redness associated with rosacea and general redness can be dramatically reduced. Photo-facial treatments restore a more youthful appearance and improve skin texture without any downtime.

To ensure that IPL is for you, we offer a free of charge 30 min consultation where we explain the treatment, how it works, look at the area of concern and give you a costing.

Consultation fee \$30 - 30min (deductible off 1st treatment)

IPL - Hair Reduction

Our highly experienced and certified technicians are focused on getting the best results for you, with safety always our highest priority.

Observe Skin Scanner

The Observe is equipped with a low density but very pure light source. Invisible light is projected onto the facial skin. These rays travel through all layers deep down in the dermis of the skin. The cells within the skin tissue have the natural capacity to turn these rays in visible light. Consequently, skin conditions and skin dysfunctions that previously were hard to see with the naked eye now clearly stands out from the normal healthy skin tissue. The Observe is unique in that it works with specific Ipads and Tablets making it possible to record skin conditions, images and client data and treatment progress at the touch of a finger. We can also transfer this information onto you the client for your record.

Skin Analysis fee \$30min (deductible off 1st treatment)

CANCELLATIONS

At Pure Skin Therapy we require 24 hours' notice for cancellations or rescheduling of individual appointments and for group bookings of 3 or more we require 48 hours notice.

Please keep in mind that "No shows" or last minute cancellations leave our therapists with empty appointment times, we may have had to turn away other guests that could have enjoyed that time slot! Because of this, guests that do not honour their appointments will be charged the following fees:

NO SHOWS

Cancellations of appointments with less than 24 hrs notice will incur a cancellation fee of 50% of the appointment cost. Cancellations or amendments with less than six hour's notice will be charged in full for the total service. Pure Skin Therapy reserve the right to use their discretion as to each unavoidable client situation.

APPOINTMENT REMINDERS

If we have your mobile number on file, we will send you a text reminder. Pure Skin Therapy are not responsible should you forget your appointment, not receive a reminder or mix up the time or date. Remember to update your cell phone number or address for our system should it change.

LATE ARRIVALS

If you are running late, please give us a call. We will do our best to accommodate late arrivals, however our appointments are booked in specific increments of time, and on our busy days (which is most every day!) are booked back to back - thus a late arrival will result in the services being customised to fit the remaining appointment time (full service fee will apply). If we haven't heard from you, we consider this a "No Show" and the full cost of your appointment will be charged.

CELL PHONES & CHILDREN

We understand that people lead busy lives and sometimes the only time you get to respond to a few emails or texts is while you are sitting getting a pedicure etc however we ask that all cell phones are put on silent and used to a minimum as it can affect the quality of your treatment being performed and the tranquillity in the salon for others.

At Pure Skin Therapy we operate equipment that can be hazardous to children and children often affect the ambience of our salon. If you would like to bring your child to your treatment please check with us first.
